Piotr Piotrowski

Python Developer

ABOUT ME

I am passionate about Machine Learning with experience in Python and a hands-on approach to implementing ML models. My interests include creating Machine Learning models and deploying them in a production environment. I am looking for growth opportunities in the area of Artificial Intelligence.

EDUCATION

Uniwersytet Radomski im. Kazimierza Pułaskiego
01.10.2021 - 30.04.2025
Computer Science
Bachelor's degree in engineering

PROJECTS

https://github.com/piotr15q/DogVsCat_Classification

Dog & Cat Classification

I created from scratch a convolutional neural network (CNN) that classifies photos as dog or cat with ~87% accuracy. The model has been implemented on my portfolio site (ongoing project).

https://github.com/piotr15q/Portfolio_Page

My Portfolio Page (in progress)

I am creating a portfolio site to showcase my projects. The site is under development, but the image classifier is already fully implemented. I am currently working on another project to put on the site.

Skills

- **Programming:** Python, C# (Unity)
- **Machine Learning & Data Science:** PyTorch, NumPy, Pandas, Matplotlib, Scikit-learn
- **Databases:** SQL
- **Version Control:** Git

Additional information:

- **driving license: category B**
- **Polish: Native**
- **English: B2**
- **Ability to work under time pressure**
- **Ability to work in a team**
- **Problem solving skills**
- **Ability to search for information**
- **Analysis and critical thinking**

Interests:

- **Programming**
- **Artificial intelligence**
- **Technologies**
- **Sport**
- **Travelling**
- **Automotive**
